

# GT-U1M (S) UNDER COUNTER

THE UNDER COUNTER IN A COMPACT SIZE

## SMALL

Compact design suitable for SMALL cafes and bar setting. Specialises in glassware washing. Fits nicely below tabletop workflow, providing convenience workflow.

## SMALLER

Designed based off its larger sibling, the *Standard Series*. Different design, SAME standards, all stainless steel, all durable.

## SMALLEST

MINI parts that fits into our design system architecture. Mechanical system design that is universal across our machines, intricately engineered from our design and engineering department.

## FUNCTION

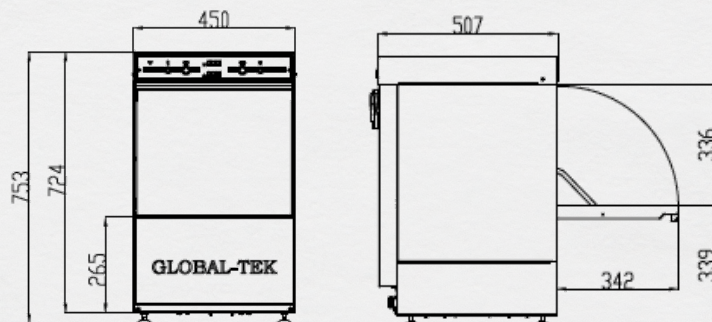

Full BUILT-IN package with chemical dispensers. Performs with a breeze and convenience through its complete and integrated system.

## TECHNICAL DATA

<b>Model:</b>	GT-U1M (S)
<b>Dimensions (mm):</b>	450 (W) x 507 (D) x 719~741 (H)
<b>Loading height (mm):</b>	310
<b>Rack type (mm):</b>	400 x 400
<b>Machine net weight</b>	50 kg

## OPERATING INFORMATION

<b>Wash temperature:</b>	55°C - 65°C
<b>Rinse temperature:</b>	82°C - 90°C
<b>Wash cycle (per rack):</b>	120 sec
<b>Wash rate (per hour):</b>	30 racks
<b>Rinse usage:</b>	<1.2 liters per cycle
<b>Wash tank capacity:</b>	16.0 liters
<b>Chemical dispensers:</b>	Built-in system
